

Like it or not, the ABC test adopted in Dynamex is now the law. While WSTA is challenging the Dynamex decision in court, it is critical that WSTA members understand and prepare for the impact of Dynamex on their businesses immediately. As such, WSTA has negotiated to have its legal counsel, Ellison, Whalen & Blackburn, provide an individualized Dynamex evaluation to each active WSTA member at a heavily discounted rate of \$2,000. Included within this evaluation is:

- A comprehensive analysis of your business model and contracts to assess your risk under Dynamex's ABC test;
- One-on-one discussions with experienced attorneys in an attorney-client privileged environment;
- Advice on strategies to minimize your risk of Dynamex-related lawsuits and fines.

If interested, WSTA encourages you to contact Ellison, Whalen & Blackburn at (916) 448-2187 or [attorneys@ellisonlawoffices.com](mailto:attorneys@ellisonlawoffices.com) for further information.
